Thank you for your letter of 3 January 1984 to Mr. William J. Casey regarding your application for employment. Mr. Casey referred your letter to me and asked that I look into your application and advise him of the results, which I have done.

The selection of an applicant for employment with this Agency is based on a review of many pieces of information including interviews, test results and information submitted by an applicant, as well as the needs of the Agency for specific types of personnel. Only a limited number of applicants are finally selected for employment. I have reviewed your qualifications against our requirements, and must unfortunately confirm that there are no Agency openings which match your background. Let me assure you that the fact that you were not selected in no way reflects negatively on your qualifications.

Again, thank you for your letter and your interest in the Agency. I wish you continued success in your career.

Sincerely,

Robert W. Magee
